## AGREED ON CURRENCY BILL

BOTH HOUSES ADOPT CONFERENCE REPORT—UP TO PRESIDENT.

Washington, Dec. 22.—The house passed the conference report on the administration currency bill at 10:46 o'clock tonight by a vote of 298 to 60 and sent the report to the senate which had waited in session to receive it before adjournment.

Prolonged and uproarious cheers from the democrats greeted the announcement of the vote by Speaker Clark and many members of the house hastened over to the senate to see the report received there. Earlier in the evening the senate had agreed to vote not later than 2:30 o'clock tomorrow afternoon and the leaders regarded it as certain that the completed bill would be in the hands of President Wilson for his signature before tomorrow night.

On the final vote 34 republicans, 11 progressives and one independent—Kent of California—voted with the majority for the report and two democrats—Calloway of Texas and Witherpoon of Mississippi; joined the opposition.

The vote followed a debate of nearly three hours, during which the gallery remained crowded with spectators including many prominent figures in official life. The house adjourned until 2:30 p. m. tomorrow, when the leaders hope to put through a joint resolution for a recess until January 12.

## MONEY PANIC IN MEXICO

Mexico City, Dec. 22.—The directors of the Bank of London and Mexico tonight began a careful scrutiny of the affairs of that institution and if their finding is endorsed by other bankers it is not improbable that assurances will be offered the directors which will enable a full resumption of the business of the institution. It is reasonably certain, however, that the bank will continue to avail itself of the decree of President Huerta issued today making the last 10 days of the present year legal holidays.

With the exception of one other institution, it is believed no other bank than the Bank of London and Mexico will take advantage of the official edict, which authorizes financial institutions to do as little or as much business as they desire during what is regarded as a financial crisis.

The critical position in which the Bank of London and Mexico was placed has been no secret for some time to the other banks and the sugges-

tion was made on Saturday that President Huerta make it a legal action for the banks to refuse payments for a time.

A decree was prepared and the search for the president was begun. He was located shortly before noon and affixed his signature without hesitation. An extra edition of El Diario, official, was published carrying the decree and with this posted conspicuously in and about the building, the doors of the bank were opened early in the afternoon.

## TO CONFEDERATE VETS OF CHICKASAW BRIGADE

Ada, Okla., Dec. 23, 1913.

To all Confederate Veterans—Greetings.

Comrades—As the time will soon be here for the next reunion of the Chickasaw Brigade, July 21, 22, 23, and the place to be selected, I shall expect each camp in the Brigade at its earliest convenience to vote for a place of meeting, the place receiving a majority of votes then to be designated as the place to hold said meeting.

I hope that camps will rally once again and let us meet as a united brotherhood, who fought for a cause that we know was right and that the world is admitting was right. I further hope that the sons and daughters will rally and help make this meeting a success, for you will soon have to take our places and perpetuate the patriotic deeds of your fathers.

The following will constitute my staff:

H. L. Grigsby, Chickasha, adjutant; Capt. W. L. Roddie of Ada, chaplain; M. Turner of Davis, quartermaster; H. H. Allen of Davis, assistant quartermaster; Harvey Hulen of Chickasha, forage master; G. W. Chisler of Ada, ordnance officer; Harrison Frenley of Duncan, assistant ordnance officer; Dr. T. F. Berry of Pauls Valley, surgeon general; Mrs. J. F. Ellis of Chickasha, J. A. Myers of Marietta, W. I. Simmons of Ardmore, H. F. Weems of Sulphur, J. S. Kendall of Pauls Valley, A. M. Crow of Ada, aide-de-camp.

I shall expect the Daughters to select a sponsor and maids of honor and furnish me with their names and I will then appoint them.

All communications for the Brigade should be addressed to H. L. Grigsby, adjutant, Chickasha, Okla.

By order of  
SAM H. HARGIS,  
Brigade Commander.  
(All papers friendly to the cause please copy.)

Raise Limit to \$5,000.

Washington, Dec. 22.—The senate today passed a bill to prevent the removal from state courts of suits against railroads for damage to merchandise when the amount involved is not more than \$5,000.

Alleged Forger Given Hearing.

Los Angeles, Calif., Dec. 23.—M. M. Davison, a former resident of Nebraska and secretary of the Nebraska State Society of California, was given a preliminary hearing in court today on a charge of forgery in connection with loan and real estate deals. Davison was arrested on December 10 after he had held the police at bay with a shotgun for twelve hours. He is specifically charged with forging a certified check for \$1,000. It is alleged, however, that he has obtained fully \$50,000 from his clients illegally.

## COURT WILL UPHOLD NEW LIQUOR LAW

Oklahoma City, Dec. 23.—The criminal court of appeals clearly indicated Monday what its position will be relative to the new law which makes prohibition law violations a felony and punishable by a penitentiary sentence. The court did not pass directly upon the validity of the new law in the opinion handed down Monday, but intimated strongly that in the first case appealed since the law went into effect it would hold the measure to be valid and constitutional.

Although nearly 200 liquor cases are pending before the court on appeal at the present time, the alleged crimes were committed before the new law went into effect. According to Judge Henry M. Furman, who wrote Monday's opinion, the intimation made relative to the new law may be taken as a "warning" to attorneys throughout the state who may be engaged in liquor cases. He said the members of the court had discussed thoroughly the new law and had given their approval to the statement made in the opinion.

The new law was passed by the last legislature, and became effective October 3 of this year. Its provisions make violations of the state prohibition law either a felony or a misdemeanor and permits the jury in such cases to determine between the two. The punishment for misdemeanors may be a fine and jail sentence, either one or both; for felony a fine and penitentiary sentence. The maximum sentence for the latter is five years.

## BRIBERY TRIAL IN MISSISSIPPI

Vicksburg, Miss., Dec. 22.—Some of the evidence said to have been obtained by means of a telephonic device in the trial of State Senator G. A. Hobbs Monday was read in court tending to substantiate the story told by Stephen Castleman. Cross-examination of Castleman, who declared he had given Hobbs 200 as a bribe and for which Hobbs is being tried, was concluded Monday and the introduction of evidence said to have been secretly obtained began.

W. L. Douglass, who said he recorded conversations between Hobbs and Castleman, read to the jury what purported to be notes then taken. According to these notes Castleman was willing to give a bribe and Hobbs was willing to receive it. Castleman maintained in his story that no money was passed in the room but that he gave it to Hobbs in the lobby of the same hotel that same day.

Douglass, who was in the witness chair the greater part of the afternoon testified that he heard Hobbs—or a voice which he distinguished as that of Hobbs—assure Castleman that "Billbo will do anything I want him to," and that there were sixteen or eighteen senators to be fixed and that it would take money to do it.

"Billbo is awful fearful; he has to be," said the voice, Douglass testified. "I saw him at 6 o'clock last night and he said he would not come over, but the whole thing rests with me and Billbo will do as I say."

At a hotel in Jackson, Douglass testified, Hobbs made insistent demand for money and offered to give his note for the amount as evidence of good faith to carry out his part of the contract.

W. L. Jones, manager of the hotel where the alleged passage of money was said to have taken place, testified that he cashed a check for \$100 for Castleman when Hobbs was in the lobby and soon after he saw Castleman hand Hobbs "something."

He said he could not see what it was.

All of the morning session and part of the afternoon was consumed in the cross-examination of Castleman. Castleman, however, met questions with answers that seemed to strengthen rather than detract from his first narrative.

In an effort to finish the trial as quickly as possible, long sessions will be held each day this week, excepting Thursday.

The weatherman hit it once more when he figured on today being fair. A prittier day could not have been ordered. The clerk being thus encouraged, promises unsettled weather for tomorrow.

Entered at the Postoffice at Ada, Ok-  
lahoma, as second class mail matter.

Just one more Christmas shopping  
day left. Verily time flies.

The Sunday edition of the Shawnee  
News-Herald was something of which  
both its editor and his patrons may be  
proud. It contained twenty-four pages  
of good reading, including a four-page  
comic section. It had a truly metro-  
politan appearance.

The Okmulgee Democrat showed an  
enterprising spirit Sunday by coming  
out with twenty pages. The Democrat  
is one of the best small dailies in Ok-  
lahoma and is always right up in the  
lead in everything it undertakes.

Now that the currency bill is off its  
hands congress will take a good long  
recess, this time adjourning over un-  
til January 12. For once no one will  
have any criticism to offer, for the  
boys have had but a month off in over  
a year. While Wilson is in the chair  
the chances are that hereafter a little  
more speed will be put on when it  
comes to shaping legislation.

When a farmer does without his  
mail for a whole week, when his sup-  
ply of groceries dwindles down to

where he has roasted potatoes and  
seet milk, when the Christmas pie  
cannot be baked for the lack of sugar,  
he decides right then that he shall al-  
ways be a friend to the good roads  
movement. The picture may be over-  
drawn, but it is reported that hundreds  
of families are short on such articles  
as flour and coffee and sugar on ac-  
count of the roads making hauling  
from town impossible.—Ardmoreite.

## BARRY LIKELY TO SUCCEED WOOD

Washington, D. C., Dec. 23.—Major  
Gen. Thomas H. Barry, U. S. A., who  
rose from a poor boy in the Irish quar-  
ter of New York City to his highest  
rank in the army, is likely to be the  
next chief of staff. No official announce-  
ment has been made that Gen. Barry  
has been selected to succeed Major  
Gen. Leonard Wood, whose term of  
duty as the head of the army will ex-  
pire next April, but it is reported on  
seemingly high authority that the se-  
lection has been made and will be an-  
nounced in due time.

Gen. Barry is one of the best known  
officers in the army, and was the com-  
mander in chief of the Army of Cuban  
Pacification that was sent to Cuba  
following the governmental troubles  
there a few years ago.

Born in the old Greenwich Village  
section of New York City, he was forty  
odd years ago known as plain Tom  
Barry, who was distinguished in his  
immediate circles as one of the bright-  
est boys in the public schools. His rise  
to fame and position is often pointed  
out as a brilliant example of how a  
poor boy, without fortune and influ-  
ential friends, can go to the front in  
America.

When Gen. Barry was a boy the  
congressional district in which was  
located the public school that he at-  
tended was then represented in Wash-  
ington by the late Robert B. Roose-  
velt, an uncle of Theodore Roosevelt.  
In 1872 Congressman Roosevelt found  
that he had an appointment to West  
Point waiting for some bright lad in  
his district. He looked about, and  
somebody suggested Thomas H. Bar-  
ry. Young Barry got the appointment  
and in 1873 he entered the military  
academy.

At West Point Barry was one of  
the popular cadets of his class. He  
was a good student and a fine athlete  
and when he graduated in 1877 he  
was assigned as a second lieutenant  
in the Seventh Cavalry, Custer's old  
command. After three years in the  
Seventh Cavalry he was transferred  
to the First Infantry, and with that  
command he participated in various  
Indian campaigns in the Southwest,  
being one of the officers who were  
prominent in the campaigns against  
Chief Geronimo and his Apaches, from  
1882 to 1886, and against the Sioux in  
South Dakota in the winter of 1890-1.

In the Pine Ridge campaign of 1891  
Barry was promoted to a Captaincy,  
and two years later he came to Wash-  
ington for duty in the war depart-  
ment, and up to the time of that ap-  
pointment he had served for sixteen  
years west of the Mississippi, always  
with troops.

When the Spanish war broke out  
Gen. Barry was the adjutant general  
of the Department of the Columbia.  
He was relieved of that duty and went  
to the Philippines as the first adjutant  
general of the American forces in  
the islands. He was one of the of-  
ficers who had a prominent part in  
the Boxer campaigns in China, and  
when the foreign troops were called  
from Peking he returned to Manila as  
chief of staff of that command.

In 1903 President Roosevelt sent  
Gen. Barry's name to the senate for  
confirmation as a brigadier general.  
In 1907 Gen. Barry was sent to Cuba  
as the commander of the American  
troops in the second occupation of the  
island. In that capacity he did his  
work so thoroughly that he earned  
not only the gratitude of his own gov-  
ernment but that of Cuba as well, and  
when the island was for a second time  
turned back to the control of its own  
people Gen. Barry was accorded when  
he left an ovation such as few offi-  
cers have ever received at home or  
abroad.

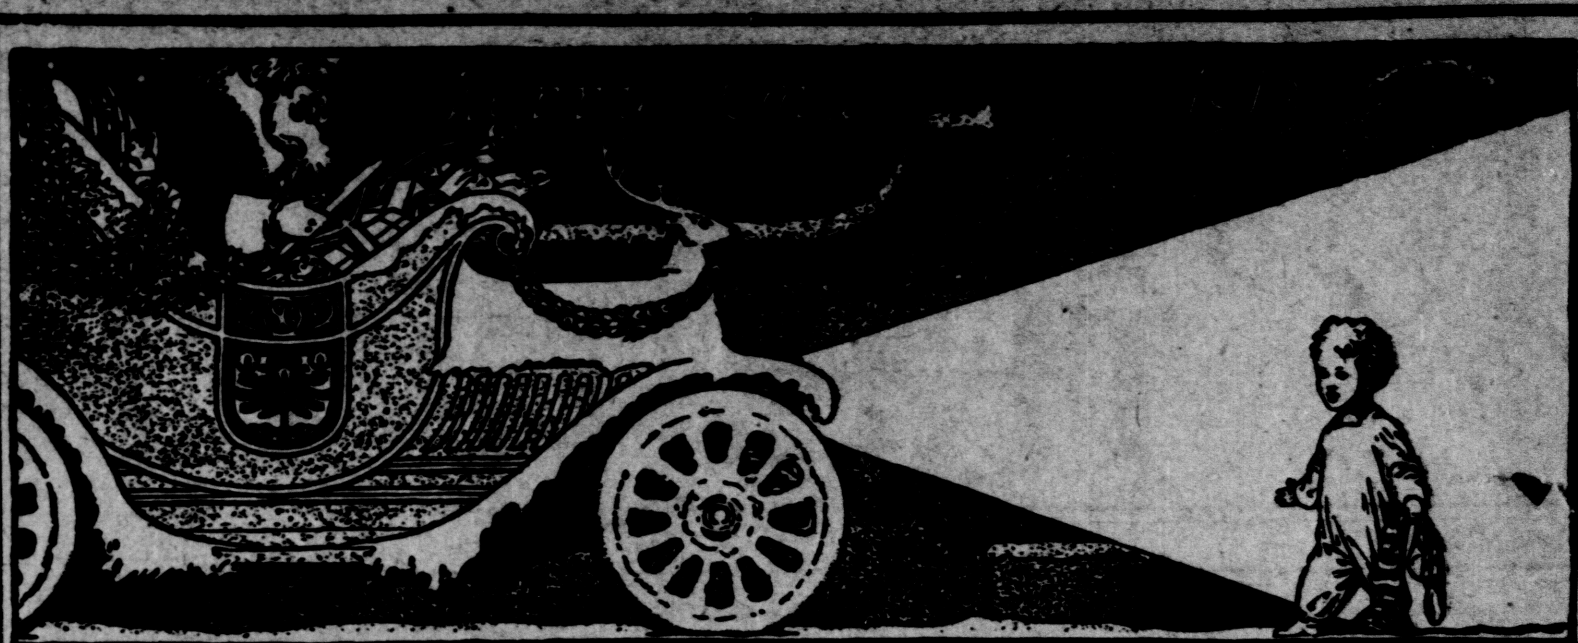

On September 1, 1910, Gen. Barry  
succeeded Gen. Hugh L. Scott of the  
Third Cavalry as Superintendent of  
the United States Military Academy  
at West Point.

Gen. Barry is a Catholic and a warm  
friend of Cardinal Farley of New  
York. In this connection an address  
delivered by Gen. Barry at a dinner  
given several years ago is recalled. In  
the course of his remarks Gen. Bar-  
ry said: "When I went to Washing-  
ton to be made a Major General, Pres-  
ident Roosevelt said to me, 'Barry,  
you are not made a major general be-  
cause you are a Catholic or because  
you are an Irishman, but you are  
made one for the same reason that I  
was made president—that is, because  
you are an American.'"

Officers who have been associat-  
ed with Gen. Barry say that if he is  
selected to succeed Gen. Wood he will  
prove to be one of the greatest of the  
men who have been at the head of the  
United States Army, and the army has  
had many who deserve to be remem-  
bered among the truly great.

## NEGRESS HELD ON SHOOTING CHARGE

Monday afternoon complaint was  
made before Justice Brown, charging  
Laura Garrett, a negress, with shoot-  
ing Pearl McClanahan, another negress  
in the leg with a pistol. As the wound  
of the prosecuting witness made it im-

possible for her to be present Judge  
Brown fixed the bond of the Garrett  
woman at \$750 which she made. The  
preliminary hearing will be held on the  
29th.

It is supposed that jealousy was the  
cause of the trouble, which occurred  
in the north part of the city.

Don't worry over lost articles—  
a NEWS WANT AD will find them.

To carry the idea a trifle further  
we might follow the example of the  
Japanese in Formosa. After all other  
efforts to corral a wild tribe of na-  
tives had failed a wire fence was  
stretched across the island and high-  
ly charged with electricity. After a  
few natives had met their finish on  
the fence they remained on their own  
side of the barrier.

## Frisco Traffic Deal Canceled.

The preferred traffic agreement between the St. Louis and San Francisco system and the Houston and Texas Central, giving through service over the latter line from Houston to Dallas, forming a connection between the Frisco North Texas and South Texas lines, and affording the Houston and Texas Central outlet from North Texas to St. Louis, has been canceled, effective December 31. The sleeping-car service now handled by the Houston and Texas Central to Dallas will be handled either by the Atchison, Topeka and Santa Fe or Trinity and Brazos Valley, and the Houston and Texas Central service will be handled from Denison to the north by the Missouri, Kansas and Texas.

There will be no interruption in the service of either line, as both will continue to operate through traffic in both passenger and freight service. The only difference in the freight traffic arrangement will be that, with the cancellation of the preferred agreement by which each company was obligated to throw all business possible to the other, the package-car service on the Frisco may be handled over any line operating between north and south Texas, in the event the Frisco does not see fit to enter into preferred service contract with the Atchison or Trinity and Brazos Valley.

## YOUR HAIR MAY BE YOUR FORTUNE

Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least pretty.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair on your head and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Gwin & Mays Drug Co., Main St., Ada, Okla.

### Setting Out Trees.

As soon as trees are received from the nursery they should be heeled in until planted in their permanent places. Heeling in consists of digging a trench about twelve inches deep and placing the roots of the trees in it. The tops should be slanted, rather than left upright. In filling the trench see that the soil is worked in among the roots and firmly pressed around them to prevent their drying out.

In taking the trees from the trench to set them out, do not expose the roots. Either plant the trees as taken out or wrap the roots in a wet sack.

The hole where the tree is to be set should be large enough to receive the roots of the tree without cramping them. The tree should be set the same depth as it stood in the nursery. In case there be any broken or badly bruised roots they should be removed back of the injured area. Tilt the tree slightly toward the prevailing wind. Cover the roots with soil and by jostling the tree up and down the soil will settle in among the roots. See that no straw, grass or other coarse material comes in contact with the roots. Firm the soil compactly about the roots. Fill the hole and pack again. If the soil is in proper condition for planting do not be afraid of packing the soil too much. Leave a loose layer of soil on top.—D. C. Moorling, Department of Horticulture, Oklahoma A. and M. College, Stillwater.

Oil and gas leases on sale at the News office.

### Christmas in Germany

Berlin, Dec. 22.—Berlin is at the high tide of the Christmas season just now, and there is not one can be quite sure, a more interesting city in Europe. There is no feature of German life which shows so little change as the Christmas celebrations. Except, perhaps, that the gifts of presents become more luxurious and the receivers more critical or exacting, one Christmas is precisely like another. Family piety and essential conservatism still prevail everywhere, and how ever little definite religion may remain in the celebrations nothing is stranger than the contrast between the actual temper and occupation of the public and the railing and blasphemy of the Socialist press.

The return of the Crown Prince to Berlin is taken to mean that all differences in the imperial family, if any serious differences really have existed, are to be forgotten during the Yuletide festivities. The emperor and his entire family will celebrate Christmas with all the traditional customs. For several weeks the leading shopkeepers of Berlin have been summoned to Potsdam almost every afternoon, in order that their Majesties might have opportunity to select their gifts. In addition to many valuable presents for the members of his family and his favorite relatives among European royalty, the Emperor has gathered together a regular Santa Klaus store of sporting guns, saddlery outfits, scarfpins, jeweled card cases and other appropriate articles to be presented at Christmas time to the many ladies and gentlemen attached to his household.

### Christmas Cheer for the Homeless.

New York, Dec. 23.—It is estimated that 50,000 men, women and children all of them practically penniless and many of them homeless, will be treated to bountiful Christmas dinners in this city day after tomorrow. The Salvation Army alone intends to give 25,000 dinners and the Volunteers of America, which give all their dinners out in a basket, will provide for from 15,000 to 20,000. In addition, hundreds of the homeless will sit down before well laden tables provided by numerous church and charitable organizations in all sections of the city. Not only will the hungry be fed, but hundreds of the ill-clad will be given warm winter clothing.

Though "Big Tim" Sullivan is no more, the annual Christmas dinner which he gave for many years to the homeless denizens of the Bowery district will be given this year as usual. Some days ago Congressman Loft, the successor of "Big Tim" sent word to the former Sullivan lieutenants to go ahead with the preparations for the dinner and send the bill to him. The dinner will be given as usual in the old headquarters on the Bowery on Christmas morning and it can pretty safely be said that there will be no more interesting event in the city during the day.

### This Is the Beginning of Winter.

Washington, D. C., Dec. 22.—Last night was the longest of the year in the northern hemisphere, the time between sunset and sunrise being fourteen hours and fifty-four minutes. Astronomically winter began in this vicinity at 5:27 o'clock this morning, the sun and earth at that time being at the minimum point of separation. Beginning today the nights will become shorter.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Jad Salts if Back aches or Bladder bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system, like lumps of lead, and you have stinging pains in the back or the uric is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

### Should be Added to the Seven Wonders of the World.

You have all read of the Seven Wonders of the World and also the Seven Wonders of Modern Times. They are mostly inventions and the result of years of experiments, at a heavy expense, and sometimes at the cost of lives.

To these modern Seven Wonders should be added CALUMET BAKING Powder, because after years of experiments the Calumet Baking Powder Company has produced the most wonderful baking powder of the present time. This baking powder, first, solves the high cost of living. It is a great saving over the "high-priced, trust brands, and, on the other hand, it is a saving over the cheap and "Big Can" powders because it has more leavening gas and will go further and there are no failures; with an imperfect baking powder sometimes one spoonful of it spoils fifty cents to a dollar's worth of butter, eggs and sugar—not mentioning the time and labor.

Further, it should be added to the Seven Wonders because by test it has been proven to be a perfect baking powder, which is a baking powder that gives the greatest amount of leavening gas, leaves the food perfectly pure and wholesome, and so compounded that it makes baking failure impossible. Calumet Baking Powder is put up by the most scientific methods under the supervision of competent chemists. Automatic weighing and filling machines take the baking powder from the mixer to the cans; no human hands touching it, thus insuring the product to be at all times pure and sanitary. As the baking powder is completed it is tested chemically and practically. It is always uniform.

Calumet cannot be recommended too highly and one trial will convince you of its wonderful merits—its wholesomeness and economy. Received First Awards—World's Pure Food Exposition, Chicago, Ill. Paris Exposition, France, March, 1912.

The Ada Weekly News issued a monster special or industrial edition on Nov. 27, that was a peach. It was a pictorial review of that enterprising country seat, and will make the natives all up and take notice, no less volens. What ever may be said of the origin, life, activities, enterprise, progress or death of Ada, we must take off our hat to the News and the display of energy and conspicuous ability, indicated by the production of this issue as well as the loyalty and patronage of home spirit of the citizens of the town that made such a paper possible. It will render a great service to Ada and put her on the map in the most favorable and effective light. Congratulations to the compilers and producers of the Ada News.—Miami Record Herald.

### Another Progress at Healdton.

Ardmore, Ok., Dec. 22.—Developments in the Healdton oil field have been satisfactory the last week. The proven field was extended half a mile further north by bringing in a producer on 35-3-3 by the 1911 Oil Company. Twin State well, in the north part of section 2, made a good showing, and the Crystal gas well tested out better than 20,000,000 feet. As many as forty wells were completed for drilling the week.

### Hearing on Potato Embargo.

Washington, D. C., Dec. 18.—Secretary Houston conducted a hearing at the offices of the Department of Agriculture today on the subject of the proposed embargo on all foreign potatoes commencing January 1 next. Such an embargo is in effect at present against the British Isles, Germany, Austria-Hungary, Newfoundland and the islands of Pierre and Michael. It is now proposed to extend the embargo to all other foreign countries, the proposal being based on the belief that a general quarantine is necessary in order to prevent the introduction into the United States of the powdery scab and other diseases which would seriously affect the potato production of the United States.

A wide variety of opinions on the quarantine were expressed by the representative American potato growers, potato importers and bureau inspectors who attended the hearing. The majority of the importers were of the opinion that a ban on all foreign potatoes was unnecessary and that the situation could be met satisfactorily by introducing a system of inspection either at the receiving or the shipping point. A suggestion also was offered that the danger would be greatly lessened if American growers and shippers were prohibited from using second-hand bags which had previously contained shipments of potatoes from abroad. The powdery scab, which is the chief disease threatening this country, is said to be scattered easily through the use of second-hand bags and quickly reaches all sections of the country.

One of the most interesting points brought out at the hearing was the fact that should all foreign potatoes be prohibited, including those of Canada, the price of American potatoes would probably increase fully 50 per cent. within two weeks.

### How Many Marriages Are Successful?

In the January American Magazine Ida M. Tarbell writes a remarkable article entitled "A Court of Hope and Goodwill." It is a description of the work of the Court of Domestic Relations in Chicago, a court which has to do particularly with the settling of differences that arise between husbands and wives. Concerning the marriage relation Miss Tarbell says:

"There are in the city of Chicago, let us say, five hundred thousand pairs of men and women who have undertaken to spend their lives in the appalling intimacy of marriage—to create homes where they may rear children. However convinced one may be that the greatest development and the most abiding satisfaction come to the average man and woman through the family, he cannot but be staggered by the demand it makes on freedom, effort, capacity. At one point or another of the alliance both the man and woman almost invariably break down. All depends then on character, the sense of the obligation to correct, to take fresh hold. There is an amazing percentage of fair success in marriage. Personally I am inclined to believe that it is in this relation that life's most terrible battles are fought and the most stupendous victories gained. Nevertheless, failures are many. They range in degree from patient acceptance of the situation to open rupture."

# DESOTA THEATRE—TOMORROW!

We will present "ARIZONA," America's greatest play, enacted by the original All-Star cast in motion pictures. **SIX REELS**, produced under the personal direction of AUGUSTUS THOMAS, author of the play. 210 superb scenes faithfully portraying the greatest play in American history. "ARIZONA" has been immortalized in the memories of millions. Augustus Thomas, the author and producer of "ARIZONA," invites you to witness this great photographic record of his favorite play. This production features CYRIL SCOTT, supported by a powerful cast of well known characters, many of your Old Favorites. "ARIZONA" is the initial production of the All-Star Feature Corporation of New York City, who are producing famous plays, with their ORIGINAL CASTS. When you witness

# "ARIZONA"

you will witness the original cast which made this play famous in New York City. Joseph Farnham, expert reviewer for the Billboard, says: "'Arizona' leaves no room for criticism." Louis Reeves Harrison says: "It is a pleasure to watch the initial showing of a photoplay that is bound to make others glad. 'Arizona' will certainly afford delight to many millions."

## THE NEW YORK MORNING TELEGRAPH

About 2000 spectators gathered last Thursday morning in the Astor Theatre. They were theatrical and moving picture folk, there to see the film version of Augustus Thomas's great play, "Arizona" produced under the direction of one of America's foremost playwrights and producers, Thomas himself.

They were eager to see what he had done. They were eager to see how "Arizona" would lend itself to motion pictures. They

were eager to see how a cast of favorites of the speaking stage would appear on the screen.

All sat in silence while the six reels were run off. Then a spontaneous outburst of applause, which lasted five minutes, from persons unused to applauding, showed their enthusiasm over what they had just seen and set an official verdict of unqualified approval. It was unanimous. There was no dissenter, no one lukewarm.

The management of this theatre is at considerable expense in bringing this production to Ada. In fact, this is the smallest town it has been shown in. We are very glad to know that there are a sufficient number of people here who appreciate our efforts along this line. We are endeavoring to give our patrons the same class of pictures as are accorded in the larger cities. This production is costing us 12 TIMES the amount of our regular service! Consequently we are forced to increase the price of admission to 10 and 25 cents—but we guarantee satisfaction. If you do not feel you have gotten your money's worth, we will refund it. It has broken records, from coast to coast—we expect to break a record here. REMEMBER—TOMORROW IS THE DAY—MATINEE AND NIGHT, AND DO NOT FAIL TO REMEMBER THE FACT THAT IT IS—

## Frisco Suits in Court

St. Louis, Mo., Dec. 22 — In the United States Circuit Court today Judge Walter H. Sanborn heard argu-

ments on the petition filed by William Niles and other stockholders of the St. Louis and San Francisco railroad, asking leave to bring a suit for res-

titution against present and former directors of the railroad. The petitioners allege that certain present and former directors of the railroad are responsible to stockholders for losses incurred by the sale to the

Frisco of "feeder" lines which they had promoted. It is further charged that the deals mentioned resulted in throwing the big railroad system into bankruptcy.

## WILL DISTRIBUTE MANY CHRISTMAS DINNERS

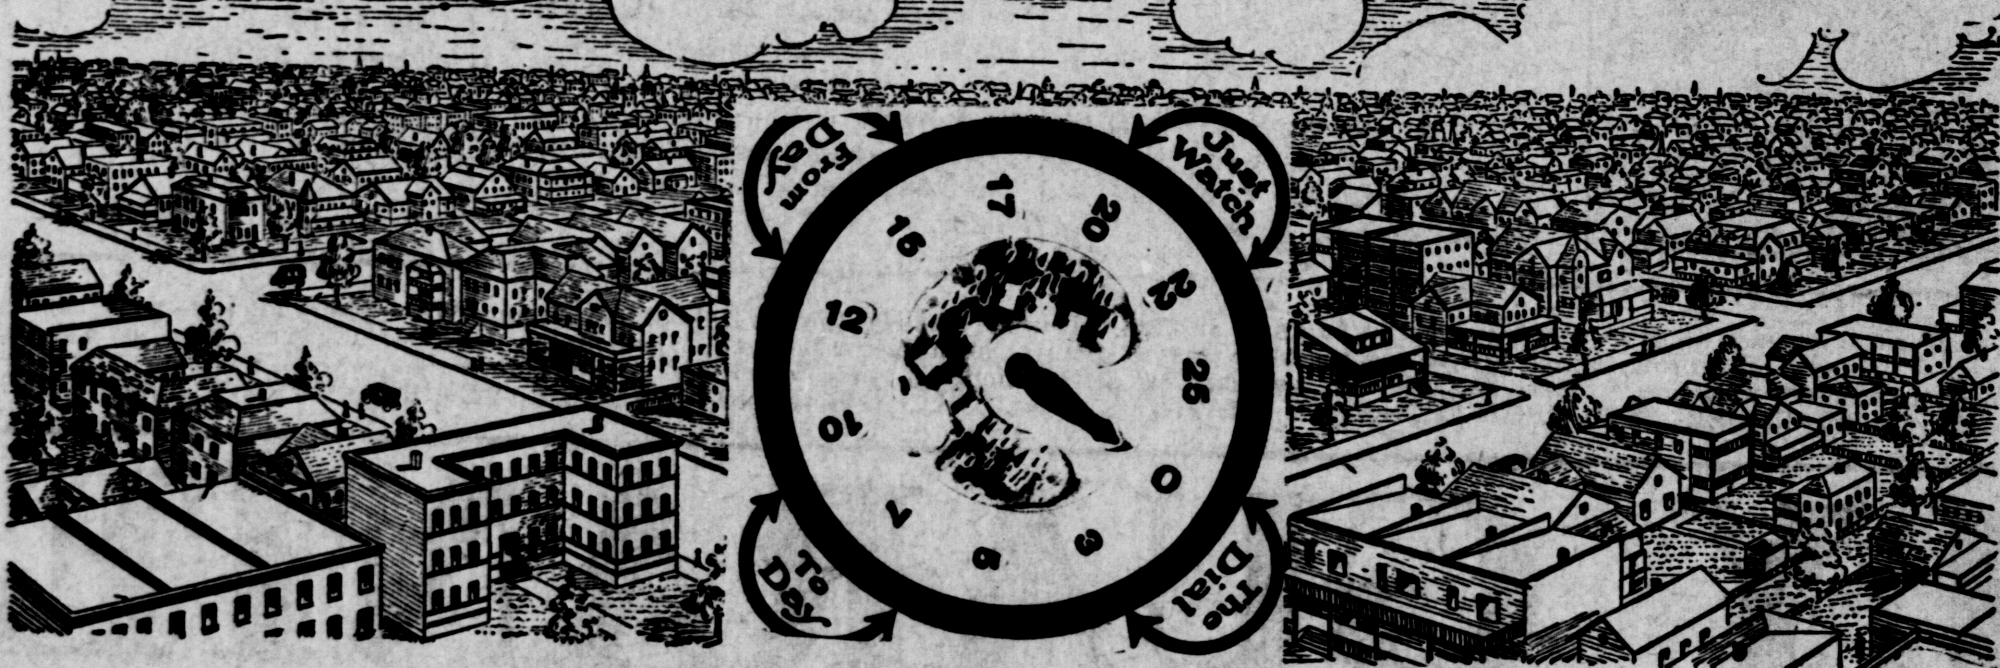

Besides the public tree at the city hall Christmas night, between fifty and seventy-five baskets, containing good Christmas dinners, will be distributed tomorrow by a committee which has been out today looking up those to whom the baskets shall be sent. To the generosity of the Elks is due a great part of the credit for this outpouring of Christmas spirit, for that order donated the sum of \$100 to give others some reason to rejoice that Christmas has come again.

### NOTICE MEMBERS OF BAPTIST SUNDAY SCHOOL

All parents with children in the Baptist Sunday school are urged to send the presents for the children to the church tomorrow morning to be put on the Christmas tree. All presents will be well taken care of by the committee.

## THE CLEAN TOWN MOVEMENT EXPLAINED

Last year in Texas, Holland's Magazine conducted a clean town contest that spread over that great state and so benefitted its inhabitants from a sanitary standpoint for that year as well as arousing much civic pride in the friendly rivalry that ensued between rival towns, that they renewed their offer this year. The state health officer of Oklahoma urged them to include this state this year and they did.

The Commercial Club with the promise of the Civic Association's support made the necessary arrangements to enter Ada that this city might reap the benefit of having every nook and corner in it in a clean and sanitary condition. After they had done this they found that Mayor Ratliff and Dr. Craig the city health officer, had also entered the town on their own responsibility, realizing the benefits to accrue from such a cleaning and the most desirable advertising it would give us. To claim and have proved our claim to be the cleanest town in Oklahoma! What would that mean to a person hunting a location that was healthful first of all and after that desirable. So Ada is in this contest and to win it, about fifty men and women of the city are serving on committees to this end, and are prepared to give their best efforts to this work from now until the first of August. Your part in this effort is to co-operate wherever you can. First get your own place immaculate then begin in your neighborhood, extending your watchful eye over the city assisting whenever you see a place that should be improved. Use your persuasive and conversational powers to talk for this move. It will take your help to win out.

The Magazine offers to place sanitary drinking fountain in each school in the city. We want those fountains and we want you to help us get them and we want to be known all over the country as the town that won the clean town contest in this state. We want to see the death rate lowered, the general health of the entire community improved, fewer fevers, fewer sick children and no more flies and similar pests that show by their presence filth and disease.

So present this movement to your friends and neighbors and greet these committees cordially, accede readily to their requests and suggestions. Your co-operation and responsiveness assures our success.

### ADA NINE LOSES TO SASAKWA

In a game that lasted fifteen innings Sasakwa defeated Ada Friday on the former's ground. The game was a hard fought battle from start to finish, each side putting up a scrappy fight. The losing of the game was due to the large number of errors and boneheads pulled off by the Ada players. Ada had the game won three times, but the errors let in scores each time.

Sasakwa had the deaf and dumb pitcher, Dawkins, from Sulphur and to him more than to any other player is due their victory. He had some mighty benders, making the Ada boys bite the dust more than once. They also had a crack short from Holdenville.

Jones and Kyser were the batteries for Ada.

The features of the game were the fielding of Hall and Matthews, the base work of James and Nettles and the catching of Kyser.

The Ada line-up was as follows: Clyde Kyser, c; Grady Matthews, 1b; George James, 2b; Hardie Nettles, 3b; Frank McCain, ss; J. J. Bailey, lf; Curtis Hall, cf; Lee Carney, rf; Pat 89-7t Jones, p; Clair Davidson, sub.

### THE NAZARENE REVIVAL

Rev. A. G. Jeffries the evangelist from Texas arrived on the afternoon Frisco and preached his first sermon last evening to a large congregation. The preacher took his text in 2 Cor. 6-2 "Behold now is the accepted time, behold now is the day of Salvation."

The sermon was arranged homiletically as follows:

1 Salvation is perfect in its nature.

2 Present in its application.

3 Free in its communication.

4 Universal in its extent.

5 Eternal in its duration.

During the sermon there were outbursts of shouting and laughter. Truly this was a great service. All felt that God was there.

S. B. DAMRON, Pastor.

### CONTESTANTS COMPETING FOR CLEAN TOWN HONORS

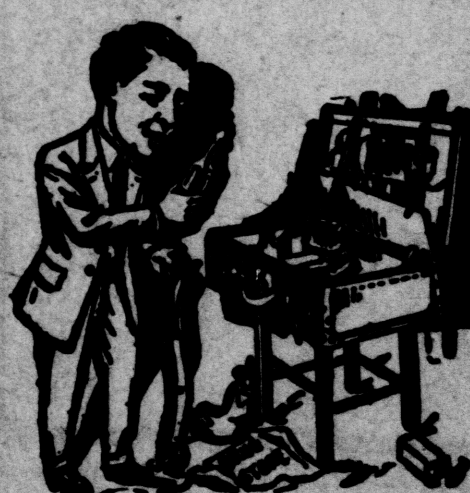

Ada has entered into the cleanest town contest which being conducted by Holland's Magazine. We are allowed to enter without one cent expense to the city, and should we win three sanitary drinking fountains for the public schools are ours, aside from the honor of being the cleanest town in Oklahoma. But are these prizes the first thing to be considered when the health of the citizenship is concerned. Think what it will mean if every store, market, dairy, alley, street, etc., is cleaned thoroughly to say nothing of the absence of flies and mosquitoes that carry so much disease.

Ada is competing with Mangum, Wilburton, Stillwater, Blackwell, Okmulgee, Cherokee and Duncan. Will the citizens stand back and allow these towns to win, when all it requires is a little effort on the part of each individual at his home and place of business? Ada will be inspected and scored about August 1st on the following points: Conditions

of streets, parks, and alleys; water supply and drainage; collection and disposal of garbage; removal and disposal of sewerage; vacant lots; general appearance of homes; ventilation and care of public buildings; public conveniences especially schools; presence of flies and mosquitoes; handling and disposal of meats, fruits, pickles, ice, milk, and milk products, also any other food products offered for sale.
